

Skyphire Entertainment is looking for actors that are eager, hard-working, determined, and ready to make the best series possible by bringing their 'A' games every time they are needed on set. We are looking for individuals that are willing to take direction, but also are not afraid to offer up their thoughts or a different approach when they feel it is needed.

We want people that are hungry to work with other talented actors to produce performances that will captivate a potential audience. If you feel that you are that person, then we would love to have you on board for this production!

Please follow the instructions on the website and be sure to include ALL MATERIALS in your email to begin the consideration process.

Special Note: Demo Reels or video links to previous work are “required” for all submissions. If you are just starting out, please note that in the “what attracted you to this project” section. If you’re like many in the industry who’ve worked but not received reel material or the project was never posted online, **please note that there as well.**

Everything you need to know (or could want to know) about this project is contained on the website. But please feel free to email us to ask any questions you may have regarding this production. We will respond as soon as possible.

We wish you good SKILL in your submission. (Luck has nothing to do with it). 😊

Thank you again for your interest!

AVAILABLE ROLES

FEATURED ROLE: “Name TBD” – (Male, Any Ethnicity, 28-45)

Background: Newly created character who is responsible for carrying out “supervision” of Emily Kent, the main character, in a warehouse. This character has a history with Kaplan, a supporting character who drops off Emily as part of a plot designed by the main antagonist. This character’s opening scene alludes to a past between them and Kaplan, and his demeanor reflects a long and sordid history with both her and Neeley (a supporting character who arrives at the warehouse).

Additional Info: We are currently developing a prequel story featuring Kaplan. The above character would be an *extensive part* of this prequel, though his introduction may not be immediate. Development will take at least the rest of 2020, and will likely not be moved to production for at least the next 1-2 years. Just keep this in mind, as ideally, we’d like the actor who earns this role to be back down the line in this same role.
